Biblical Cosmology and Censorship in the Church by Jeremy James One book has a monopoly on truth. That book is the Bible. All the rest are entirely without merit, except to the extent that they expound upon the Bible and its truths in an edifying way or engender in our minds and hearts a desire to live a Biblically upright life. The purpose of a Christian discernment ministry is to identify ...

Certainly biblical cosmology fits into a different structure of thought from modern cosmology, but it is the validity of that very structure of thought that is at issue. We tend to assume that the assumptions underlying modern physics are unquestionable. If we assume the validity of the structure of physics from any period with its philosophical presuppositions and concomitants

He demonstrates convincingly that the biblical authors presupposed an ancient cosmology and not a modern one. Seely's goal is to read the cosmology of Genesis 1 in its ancient historical context. In the first article he argues that the "firmament" ( raqia' ) in Gen 1:6-8 is not the atmosphere but the sky conceived of as a solid dome over the earth.

The Idea of Outmoded Cosmology There is much to be said in favor of this kind of approach, because the interference of modern assumptions generates misunderstanding, among both defenders and critics of Gen 1. Yet for our long-run spiritual health, a great deal depends on just how the interpretive task is accomplished. It is not always accomplished well. Some books and articles tell us that Gen ...
