(Phys.org)â€”Although there are many counterintuitive ideas in quantum theory, the idea that influences can travel backwards in time (from the future to the past) is generally not one of them.

Physicists provide support for retrocausal quantum theory

The graph is based on calculations of emissions, sampled from national inventories of fuel use and cement manufacturing . In the best case, these are accurate, in the worst case, the emissions are underestimated (as probably is the case for China).
