Physical Science 8th Graders, be the leaders I know you can be! Physical Science is broken into 3 main units: Astronomy, Chemistry and Physics. The best advice I can give to you is to budget your time properly, don't wait until the last minute (the night before) to get your work done.

### Mr.E Science Physical Home

Electronegativity, symbol  $\chi$ , is a chemical property that describes the tendency of an atom to attract a shared pair of electrons (or electron density) towards itself. An atom's electronegativity is affected by both its atomic number and the distance at which its valence electrons reside from the charged nucleus.
