Headache is the symptom of pain anywhere in the region of the head or neck. It occurs in migraines (sharp, or throbbing pains), tension-type headaches, and cluster headaches. Frequent headaches can affect relationships and employment. There is also an increased risk of depression in those with severe headaches.

Headache - Wikipedia

Currently there are over 1,650 entries with more in the works, and all the pages are being constantly revised and improved. Links to new references and online resources are added daily, with an emphasis on those that are free and open access (FOAM websites and free-to-access journal articles).
